

Travel Consulting Company ERD

Assumptions include:

A team can be assigned to at most one region at a time. Regions can have zero teams assigned to them. A consultant can be assigned to more than one team. No overlapping assignment rows for the same consultantId, teamId pair. A reservation belongs to exactly one customer. A customer does not need to have a reservation. Every call has exactly one consultant.

(Assumptions are noted in boxes throughout the table)

manager_assignment and staff_assignment record history of assignment. If we recorded only active branch assignment the relationships associated would be 1 to 1.

At most one active assignment (endDate is Null) per staff member.
